

# Support Childcare

**G**

A boy walks down a dry, dusty road  
He struggles, with a heavy load  
He carries water, for his family's needs  
It gives them life, but also brings disease

**C**

**D**

His body aches, but he carries on

**C**

With blistered feet, he limps along

**D**

The waterhole is miles away

**C**

**G**

It's hard to face another day...

## Chorus

**Gmaj (7<sup>th</sup> fret)**

**D**

*Won't you show a child that you care*

*Don't you have some love to share*

**C**

*Please help these little ones*

**D**

**G**

*Give a gift, support Childcare...*

The boy comes home, a tear runs down his face  
His Sister's sick, a victim of this place  
Her lips are cracked, the fever's running high  
She cries for water, her tongue feels so dry

He looks into his Mother's eyes  
The tears fall hard, his Sister dies  
His heart just breaks, he turns away  
It's hard to face another day...

## Chorus

*Won't you show a child that you care*

*Don't you have some love to share*

*Please help these little ones*

*Give a gift, support Childcare...*
