

FALLEN ANGEL

Am Em G D
Have you seen the flags we raised?
Am C D...Dsus
The books we taught, the men we praised
Em C D Em
Have you seen the things we've made?
Am C D...Dsus
Machines of war, what games we play
Am Em
I can't find a reason why
Am Em
Men should live and men should die
Am Em B
With their brothers blood on their hands CHORUS

Have you heard the children cry?
Held them close and watched them die
Why do you think the masses yearn?
For a crust of bread, will we ever learn?
It's hard to understand, it seems
Why the innocent should dream
Of food to eat when others have so much CHORUS

CHORUS

Em G D Em G D...Dsus
The Devil roams the earth tonight; beware the fallen Angel of light.
Em G D Em G D...Dsus
Take up your armor, stand and fight; swing your sword with all your might.
F7 C F7 C
Don't be fooled by his disguise, don't believe his clever lie F7
C G - Gsus 4
Destruction is mirrored in his eyes . . . (Am D Em)
